Important notes

- Manitoba does not publish a fixed minimum investment for this pathway. Its programme guide leaves the amount blank in the Business Performance Agreement template, which means it is set individually for each applicant. Treat the CAD \$250,000 / CAD \$150,000 figures as indicative and confirm yours before committing funds.
- The MPNP programme guide Manitoba currently publishes is Version 1.0, effective 18 December 2019. XIPHIA'S confirms the current criteria with the MPNP before filing.
- Federal immigration cuts in 2025 reduced the number of provincial nominees Manitoba can accept. Manitoba has flagged a new expression-of-interest draw strategy and a fee review for 2026-27.

Compliance

- Manitoba's 2026/27 Supplement to the Estimates of Expenditure lists recruiting and nominating international entrepreneurs, and oversight of Business Performance Agreements, as a funded departmental responsibility for the current year.
- Manitoba has not published an open or closed notice for this pathway. XIPHIA'S confirms its current status and criteria with the MPNP before filing.
- The CAD \$30,000 and CAD \$75,000 figures in Manitoba's guide are valuation caps on eligible investment — a vehicle counts at the lesser of purchase price or CAD \$30,000, real estate at the lesser of purchase price or CAD \$75,000. They are not deposits.
- The deposit requirement was removed when this stream launched in November 2017.
